

Video Message of Encouragement

Directions

- Create a video message of encouragement with your class to send to a home or world missionary! Try to keep the video between 1-3 minutes in length. Learn who our home missionaries are on the interactive Google map found at wels.net/homemissions, and meet our world missionaries in their biographies found on various pages of wels.net/missions.

Submission

- Please save your video as an .mp4 file and include your school name and grade as part of the title.
- Please submit your video to the submission form on the Taste of Missions School Challenge page OR by emailing missionspromotions@wels.net by **April 12**.

Ideas

- “Thank you” video from students or entire student body to home or world missionary
- Encouragement to those in countries struggling with persecution
- Let missionaries know how your students are praying for them
